## ABOUT ME

Android developer with 5 years of experience in mobile application development, design, architecture and deployment.

2 years of experience building python applications and APIs using various libraries like FastApi and Django. I build data pre-processing and machine learning models using python and third python libraries like pandas, sklearn, tensorflow etc. I learn new technologies everyday, some of which are Flutter, K-tor, deep learning, Web automation with python, datascience, etc.

## WORK EXPERIENCE

### Mobile Developer

Iva Technologies, Lagos

JUL 2022 - Present

Cooperate with designers and other team members to build clean and simple interactive applications using Flutter. Integrating 3D models and AI features in application. Testing and maintaining mobile applications.

### Android Developer Intern

Softcom Limited, Lagos

JUL 2019 - JAN 2020

Interned as an android developer, learnt android development, testing, design and deploying. Worked with senior developers on applications fixing and debugging applications.
